PETITION UNDER 37 C.F.R. § 1.181
TO WITHDRAW NOTICE OF ABANDONMENT

Sir:

Applicant respectfully requests the Assistant Commissioner for Patents to restore the subject application, indicated by the Patent and Trademark Office (PTO) to be abandoned, to pending status on the ground that Applicant never received an Office Action.

FACTS

1. Applicants' attorney has received a phone call from the Examiner John McPherson on May 22, 2007 indicating that the subject application is considered by the PTO to have been abandoned by Applicant's failure to respond to an Office Action mailed on September 22, 2006.

2. Applicant never had the opportunity to respond to the Office Action by the prescribed due date, as attested to by the accompanying Declarations of Steve Cha and Lorraine Callahan under 1156 O.G. 53.

RELIEF REQUESTED

The Assistant Commissioner is respectfully requested to restore the subject application to pending status and resend the Office Action mailed on September 22, 2006.

FEE

The Assistant Commissioner is hereby authorized to charge Deposit Account No. 502-470 for any petition fee which may be due. However, since it is believed that the holding of abandonment is the result of circumstances not attributable to any fault of Applicants or their representatives, it is respectfully suggested that no fee is due.

Applicants' undersigned attorney may be reached by telephone at (201)226-9245. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,

DECLARATION OF Steve Cha
UNDER 1156 O.G. 53

Sir:

I, the undersigned Steve Cha, declare and say that:

1. I am a patent attorney for Samsung Electronics Co., Ltd., and I am the attorney who is primarily responsible for prosecution of the subject patent application and is listed on the originally filed Power of Attorney form, which was filed on December 12, 2003.

2. I received a telephone inquiry from the examiner, John Mcpherson, in charge of this application on May 22, 2007 indicating that the Patent and Trademark Office considers the subject application to have been abandoned by Applicant's failure to respond to the Office Action dated.

3. The Notice of Office Action at issue was not received by Applicant. To attest to this fact, I have personally searched the file jacket of the subject application and found no record of any such Office Action. According to the examiner, the Office Action was mailed to our previous address at 411 Hackensack Ave, 9th Floor, Hackensack, NJ 07601.

4. Our office has moved from the previous address to the current address at 210 Route 4 East #103, Paramus, NJ 07652 at about November of 2003. Prior to the relocation, all the applications in our office including this patent application at issue was associated with our Customer number (33942). To attest this fact, applicant encloses a copy of application filed on December 12, 2003, including the patent application transmittal form, bearing our customer number (See Exhibit A)

5. After the relocation to our current address on November of 2003, a petition to update our address associated with our Customer number was filed on January 30, 2004, and later processed by the Patent and Trademark Office. Since then, our office has been receiving all the correspondences associated with our Customer number correctly to our new location. (See Exhibit B) For example, a copy of filing receipt dated July 2, 2004 shows the correct listing of our new address (See Exhibit C).

6. I have checked the pair system for this particular case. However, the system still has our old address despite our request to update to the new address on January 30, 2004.

7. After evidencing the correct association of this patent application with our Customer number and petitioning to update the address associated with our Customer number on January 30, 2004 after the relocation, our office has been waiting for the Office Action at the new address as we felt the update was performed diligently.

8. Further, after a personal search of the file jacket and reviewing the pertinent records, including the Declaration of Lorraine Callahan and the docket records, I conclude that the Office Action was never received by our office at the correct address.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that the statement and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title XVIII of United States Code, and that such willful false statements may jeopardize the validity of this application or any patent issued thereon.

**DECLARATION OF Lorraine Callahan
UNDER 1156 O.G. 53**

Sir:

I, the undersigned LORRAINE CALLAHAN, declare and say that:

1. I am the Docketing Manager for Cha & Reiter, LLC. My responsibilities include docketing the receipt of documents from the Patent and Trademark Office, maintaining records of such documents and periods for response thereunder. All communications from the Patent and Trademark Office are directed to me immediately upon receipt within the company.

2. I maintain a computerized Attorney Master Docket in which is recorded the due date for responding to Office Actions and Communications received from the Patent and Trademark Office. I would have recorded the due date for the Office Action related in our incoming logging sheet and Attorney Master Docket. A copy of incoming mail log, from year 2005, listing all communication from the United States Patent and Trademark Office is attached hereto. (Exhibit D) As the Office Action was never received, the due date was not entered into our computer system.

3. Accordingly, from a review of all of the above-referenced records, it is my belief that the firm of Cha & Reiter, LLC did not receive the Office Action.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this Application or any patent issued thereon.
